Code with Anna and Elsa

Classic Maze

Star Wars

The Hour of Code is a global movement reaching over 100 million young people in over

What is the Hour of Code?

A one-hour introduction to computer science.

Kids choose from a variety of activities for kindergarten and up. Use the Library's computers (you will need digital access permission) or bring your own tech.

No experience needed, but experienced volunteers are on hand if you have questions.

Why computer science?

Computer science is foundational. Every 21st century student should have the opportunity to learn how to create and use technological tools. Computer science is changing every industry on the planet.

Computing is the #1 source of wages in the U.S. More than 500,000 computing jobs are open nationwide.

Kids love it! Recent surveys show that computer science and engineering rank near the top of classes students like "a lot".
