A Message To Parents...

The basic purpose of having this camp is to develop skills and player development as well as foster an interest in our basketball program in the efforts to continue the success we have had in recent years. This will be done while providing your daughter with sound fundamental basketball instruction in a similar manner that we teach the middle and high school players as well.

Campers will be playing with girls of similar ages and will be introduced to the basketball philosophy of our program while interacting and working together with the coaching staff and varsity players.

Thank you for your continued support and interest in our program! The future success of the program starts now!

Dream It...

Believe It...

Achieve It...
